

Time Schedule (Day 1 November 9 (Thu))

Time	Venue : The Grand Hall		Chairs
8 : 55	Opening Remarks		
9 : 00	A-1	Pathologically high-grade invasive and spread patterns in lung carcinoma Kyuichi Kadota (Shimane University)	Kazuki Nabeshima (Fukuoka Tokushukai Hospital)
9 : 40	A-2	Verification of environmental bladder carcinogens and elucidation of carcinogenic mechanisms based on metabolism Shugo Suzuki (Osaka Metropolitan University Graduate School of Medicine)	Toyonori Tsuzuki (Aichi Medical University)
10 : 20	A-3	Pathological research based on the fluorescence from living tissues and cells Takahiro Matsui (Osaka University Graduate School of Medicine)	Etsuko Kiyokawa (Kanazawa Medical University)
11 : 00	A-4	Pathological Evaluation of Diabetes Mellitus and Its Complications Hiroki Mizukami (Hirosaki University Graduate School of Medicine)	Shinya Toyokuni (Nagoya University)
11 : 40	B-1	Histomorphological analysis for prognostic prediction and treatment strategies in clear cell renal cell carcinoma Chisato Ohe (Graduate School of Medicine, Osaka Metropolitan University)	Yoji Nagashima (Tokyo Women's Medical University)
12 : 00	B-2	Distinct clinicopathological features and possible pathogenesis of localized ALK-positive histiocytosis of the breast Tomo Osako (Cancer Institute, Japanese Foundation for Cancer Research)	Hidetaka Yamamoto (Okayama University)
12 : 30	Luncheon Seminar 1 <div style="border: 1px solid black; padding: 2px; text-align: center; margin: 5px 0;">Venue : The Grand Hall</div> Optimization of specimen evaluation and AI judgment for NSCLC biomarker testing Yutaka Hatanaka (Hokkaido University Hospital) Optimal pathology specimen and improving detection rate of driver gene mutations on NSCLC Takuo Hayashi (Juntendo University) Chair : Tomoyuki Yokose (Kanagawa Cancer Center) Sponsored : AstraZeneca K.K.	Luncheon Seminar 2 <div style="border: 1px solid black; padding: 2px; text-align: center; margin: 5px 0;">Venue : Assembly Room 1・2</div> Recent advances of precision medicine for advanced gastrointestinal cancers Eiji Oki (Kyushu University) Chair : Ryoji Kushima (Shiga University of Medical Science) Sponsored : Roche Diagnostics	Luncheon Seminar 3 <div style="border: 1px solid black; padding: 2px; text-align: center; margin: 5px 0;">Venue : Assembly Room 3</div> Radiologic diagnosis of the pleura and asbestos-related pleural diseases Yasuyuki Kurihara (St. Luke's International Hospital) Chair : Kenzo Hiroshima (Chiba University Graduate School of Medicine) Sponsored : Environmental Restoration and Conservation Agency
13 : 30	Special Lecture on Pathological Diagnosis 1 SLPD1 Discovery of two new tumor types of glioneuronal tumors: diagnostic implication of neuronal differentiation Takashi Komori (Tokyo Metropolitan Neurological Hospital)		Shinya Tanaka (Hokkaido University)
14 : 40	General Meeting		
16 : 00	Special Lecture 1 SL1 Pathology of Non-Alcoholic Fatty Liver Disease: Update of Recent Advances Matthew M. Yeh (University of Washington School of Medicine)		Hirohisa Yano (Kurume University)
17 : 00	Special Program 「Let's Look at the Best Ideas for Recruiting and Training Young Pathologists in Japan」 SP-1 Although I don't remember raising you, you have become an independent pathologist and savvy on SNS. Shin Ichihara (Sapporo Kosei General Hospital) SP-2 A cyber Community "PathPort" bridging pathologists for continuous learning - Anywhere, Anytime, with Anyone and Everyone Noriyoshi Fukushima (Jichi Medical University)		Shin Ichihara (Sapporo Kosei General Hospital) Noriyoshi Fukushima (Jichi Medical University)
18 : 10	International Poster Session / Poster Session <div style="border: 1px solid black; padding: 2px; text-align: center; margin-left: 20px;">Venue : The Exhibition 1・2・3</div>		

Time Schedule (Day 2 November 10 (Fri))

Time	Venue : The Grand Hall	Chairs	
8 : 00	Morning Session 「Let's explore the advantages of being a pathologist- Introduction to pathologist activities abroad.」 MS Shugo Suzuki (Osaka Metropolitan University Graduate School of Medicine, Department of Molecular Pathology) Mai Iwaya (Shinshu University Hospital, Department of Laboratory Medicine) Yuki Teramoto (Kyoto University Hospital, Department of Diagnostic Pathology) Mina Komuta (International University of Health and Welfare, School of Medicine, Narita Hospital, Pathology Department) Sponsored : International Committee of the Japanese Society of Pathology	Venue : Assembly Room 3	
9 : 00	A-5 Investigation of tissue homeostasis and tumor progression focusing on GPI-anchored protein CD109 Shinji Mii (Nagoya University Graduate School of Medicine)	Yae Kanai (Keio University)	
9 : 40	A-6 Molecular pathology of lung cancer for the novel histological classification Takuo Hayashi (Juntendo University School of Medicine)	Yasushi Yatabe (National Cancer Center Hospital)	
10 : 20	A-7 Exploration of therapy-targeted oncogenes with random mutagenesis Morito Kurata (Tokyo Medical and Dental University)	Kengo Takeuchi (The Cancer Institute, Japanese Foundation for Cancer Research)	
11 : 00	A-8 Study on the link between inflammation and tissue regeneration/cancer in the digestive organs Koji Taniguchi (Hokkaido University)	Eiichi Morii (Osaka University)	
11 : 50	Luncheon Seminar 4 Venue : The Grand Hall Cancer Genomic Medicine Status Quo and Future Prospective -Clinical utility of pantumor biomarkers- Kuniko Sunami (National Cancer Center Hospital) Chair : Hiroshi Nishihara (Keio University) Sponsored : MSD K.K.	Luncheon Seminar 5 Venue : Assembly Room 1・2 Quality control of PD-L1 testing in gastrointestinal tumors Satoshi Fujii (Yokohama City University) Chair : Yasushi Yatabe (National Cancer Center Hospital) Sponsored : ONO PHARMACEUTICAL CO.,LTD. / Bristol-Myers Squibb K.K.	Luncheon Seminar 6 Venue : Assembly Room 3 Differential Diagnosis of Soft Tissue Sarcoma - From Imaging and Pathological Findings - Radiological Diagnosis of Soft Tissue Sarcoma Mototaka Miyake (National Cancer Center Hospital) Histological Diagnosis of Soft Tissue Sarcoma Akihiko Yoshida (National Cancer Center Hospital) Chair : Hidetaka Yamamoto (Okayama University) Sponsored : Medicine Division, Nippon Boehringer Ingelheim Co., Ltd.
12 : 50	Awards Ceremony		
13 : 30	Special Lecture on Pathological Diagnosis 2 SLPD2 Pathological diagnosis of gastritis and gastric tumor based on cell differentiation and histogenesis of gastric mucosa Ryoji Kushima (Shiga University of Medical Science)	Tetsuo Ushiku (The University of Tokyo)	
14 : 30	Educational Lecture 「Achievements and Future Perspective of Artificial Intelligence Development for Pathological Diagnosis Support by the Japanese Society of Pathology」 EL-1 JP-AID project: Achievements and future perspectives Hiroyuki Abe (The University of Tokyo) EL-2 AI for Pathological Diagnosis: Cautions in the Development and Use Akihiko Yoshizawa (Nara Medical University Hospital)	Yoshinao Oda (Kyushu University)	
15 : 30	Special Lecture 2 SL2 5th WHO Classification of Malignant Lymphomas Andreas Rosenwald (University of Würzburg, Germany)	Koichi Ohshima (Kurume University)	

16 : 30	Symposium 「Current Status and Problems of International Consensus in Pathological Diagnosis」 SY1 Primary liver cancer (Hepatocellular carcinoma, Intrahepatic cholangiocarcinoma, combined HCC-CCA) Mina Komuta (International University of Health and Welfare, School of Medicine, Narita Hospital) SY2 Pathological diagnosis of pancreatobiliary tumors Nobuyuki Ohike (St. Marianna University School of Medicine) SY3 Histological typing and diagnosis of colorectal intramucosal tumors –Correspondence with WHO Classification– Yoichi Ajioka (Niigata University) SY4 Respiratory tumors (mainly lung adenocarcinoma) Daisuke Matsubara (University of Tsukuba)		Shinichi Aishima (Kyushu University) Jun Akiba (Kurume University Hospital)
18 : 00	Closing Remarks		
18 : 15	Companion Meeting 1 (Pancreatobiliary Pathology Club Japan) Venue : The Grand Hall A Case of pancreatic hamartoma arising in the pancreatic tail Masahiko Tanigawa (Kurume University) A case of IPMC with microinvasion in the body and tail of the pancreas Yutaka Koga (Kyushu Cancer Center) Chair : Shinichi Aishima (Kyushu University) Masamichi Nakayama (Kurume University) A case of tumor in the main pancreatic duct arising in Lynch syndrome Takeo Yamamoto (Kyushu University) A case of the intracystic papillary neoplasm (ICPN) of the gallbladder observed right on the adenomyomatosis Toshihiro Haga (Teikyo University Hospital) Chair : Yoshiki Naito (Kurume University Hospital) Satoru Yasukawa (Japanese Red Cross Kyoto Daini Hospital)	Companion Meeting 2 (The 14th Clinico-Pathological Conference on Maternal Death) Venue : Assembly Room 1 Educational Lecture Amniotic fluid embolism: insights into pathophysiology from pathological perspective Atsushi Yamashita (University of Miyazaki) Case Study Autopsy case of amniotic fluid embolism. Hirota Shima (TOYOTA Memorial Hospital) Amniotic fluid embolism: an autopsy case report Masahiro Kato (Osaka City Ggeneral Hosp.) Organizer : Makoto Takeuchi (Osaka Women's and Children's Hospital) Tomoko Wakasa (Nara Hospital. Kindai University) Murasaki Aman (University of Miyazaki)	Companion Meeting 3 (Japan Pulmonary Pathology Society (JPPS) & Japanese Society of Pathology AI implementation (JSPAII) Joint meeting) Venue : Assembly Room 3 Challenges of AI Application to Pathological Diagnosis and its Solutions Ryoma Bise (Kyushu University) Pathology AI from the Pathologist's Perspective Wataru Uegami, Junya Fukuoka (Kameda General Hospital/ Nagasaki University) Chair : Akihiko Yoshizawa (Nara Medical University) Shingo Sakashita (National Cancer Center Hospital East) Panel Discussion : Future perspective on Pulmonary Pathology and Pathology AI Facilitator : Junya Fukuoka (Kameda General Hospital/ Nagasaki University) Manabu Takamatsu (Japanese Foundation for Cancer Research)

On-Demand

Open Period: November 21 (Tue.) ~ December 25 (Mon.)

Web Seminar

WS Efforts to improve the operation and accuracy of immunohistochemistry and special staining
Takuya Moriya
(Kawasaki Medical School)

Sponsored : Agilent Technologies Japan, Ltd.
